

## Resolution

### *Guaranteed Livable Basic Income Intergovernmental Advocacy*

**WHEREAS** the growing social crisis and impacts of poverty have downstream effects on our municipality, putting unsustainable pressure on our limited resources to deliver necessary public services and social infrastructure supports as we struggle to keep up with the evolving needs of our community.

**WHEREAS** Basic Income addresses key social determinants of health, such as income and housing, it can alleviate pressures on municipalities to address poverty and fill gaps in social supports, such as shelter, housing, food security and mental health. Research and pilots show that when people have a sufficient and secure income their mental and physical health improves; they have the capacity to secure more affordable, suitable, and safe housing, childcare, healthy food, and transportation; and poverty rates decrease.

**WHEREAS** the provision of a guaranteed livable basic income would benefit individuals, families and communities and protect the most vulnerable in society, it would also support community resilience by facilitating the transition to a local economy that responds to the climate crisis and other major challenges. Evidence shows that a federally funded basic income that improves people's financial stability is possible, as successful income transfer programs already exist in Canada for seniors (Old Age Security and the Guaranteed Income Supplement) and for parents (Canada Child Benefit (CCB)).

**THEREFORE** be it resolved that the Council of the City of Fredericton directs the Office of the Mayor to write a letter to the Prime Minister, New Brunswick Members of Parliament and the Senate, the Premier of New Brunswick, Members of the Legislative Assembly of New Brunswick, and the Capital Regional Service Commission, calling on these orders of government to work towards implementing a Guaranteed Livable Basic Income to eradicate poverty and homelessness, and ensure everyone has sufficient income to meet their basic needs."
